ALL PURPOSE INDUSTRIAL

Due North® All Purpose Industrial

All-around solution for the tough work environment. Best for those who work hard and play harder outdoors.

- New enlarged traction heel pad with 2 additional spikes and more heel coverage for increased traction and stability.
- Textured "Diamond Knurling" lining grips footwear and helps keep traction aids in place.
- Molded-In retention strap attachment points for use with optional retention strap (sold separately).
- Special rubber compound maximizes durability while maintaining elasticity in subzero temperatures.

MODEL NUMBERS

Model # **APINDUSTRIAL**
(Indicate sizes: S, M, L, OSD)

Sizes:

S (fits M 4-7, W 5-8)

M (fits M 7.5- 10, W 8.5-11)

L (fits M 10.5-13, W 11.5-13)

OSD (oversized fits Boots and Pac boots 10 and up or standard Footwear 13.5-15)

"Pulse Grip" tread design over a larger surface area provides more traction on all surfaces.

Repositioned Ice Diamond spikes provide more comfort under the foot and improved traction.

Improved heel fit for better performance.

Geometrically designed webbing and improved shape comfortably fit a greater variety of footwear.

Textured "Diamond Knurling" lining grips footwear and helps keep traction aids in place.

HTA-HEEL TRACTION AID <<

Due North® HTA

Ideal for drivers, delivery personnel or anyone operating machinery where use of a conventional, full coverage traction aid may interfere with driving capabilities. The HTA has two unique design features that quickly and easily allow the user to flip the traction pad or slide the traction pad out from underneath the heel when encountering a walking surface that may be damaged.

- Convenient hook and strap with adjustment system provides a quick, easy, comfortable and secure fit on a wide variety of footwear.
- 4 Tungsten Carbide Due North® Ice Diamond™ Spikes, along with bi-directional tread, provides powerful traction with maximum grip.

Due North® Lt. Industrial

Ideal for the worker who occasionally needs additional traction on ice and snow while performing their outdoor duties.

- Special rubber compound stays strong and retains elasticity in subzero temperatures for maximized durability.
- New & improved toe-box design enhances fit and function along with a 360-degree spike pattern that provides more push and lateral grip.
- Unique support hole on heel strap provides easy adjustment and makes it easy to put on and take off.
- 6 Tungsten Carbide Due North® Ice Diamond™ Spikes are integrated into a proprietary rubber tread design from improved traction.

HEAVY DUTY <<

Due North® Heavy Duty

The solution for extreme winter work environments to give you the utmost confidence on ice and snow.

- Industrial grade sole is made from an exclusive rubber compound that features unparalleled grip and maximum durability in ice/snow conditions.
- The integral retention strap ensures fit in all conditions.
- 14 Strategically placed molded-in spikes, maximize traction while virtually eliminating the possibility of spikes coming out, even in extreme conditions.
- IceDiamond™ tungsten carbide spikes last longer and hold an ice piercing edge better than steel.
