

Safety Footwear discount for *policyholders*

Keep employees safer with proper footwear

We're committed to keeping your employees safe on the job. Through our loss control services, we offer a corporate discount for companies not currently enrolled in a Shoes For Crews® shoe program. Proper footwear helps reduce workplace injuries, creating a safer operation that can lead to a lower ex mod and premium over time. Save up to 15% on a large selection of slip-resistant and safety toe footwear by Shoes For Crews and its partner brands such as New Balance, DeWalt, Puma Safety and many more.

To start saving, enroll in a corporate shoe program at shoesforcrews.com.
